

## K9 Nose work Classes

Does your dog love to use their nose?  
Then this is the class for them!!

Presented by:

**Cheryle Homuth CBCC, CPDT-KA, KPA CTP**

K9 Nose work is a fun search and scenting activity for any dog regardless of breed, age or size. We start out using boxes and proceed to more complicated searches of entire rooms, exterior areas, vehicles and containers. This new sport is extremely popular and all the dogs love it!

Your dog will learn to use their nose more effectively to find hidden odors. Along the way they build confidence, become more focused, burn off mental and physical energy and learn how to communicate better.

Each session is one hour long for 6 weeks. The cost is \$120.00 for the 6 week session. Sign-up soon to reserve your spot!
