

Puppy Class

Puppy training classes are a great way to begin a happy and healthy relationship with your puppy and for your puppy to learn how to live with humans. In these classes we use reward based training and the focus is on socialization and good manners. The classes are informative and educational as well as entertaining. They are also engaging for both you and your dog.

Puppy classes are crucial for teaching social skills, good manners, and a positive attitude about learning. We will teach you how to reinforce the good behaviors, eliminate the unwanted behaviors and be a true leader, teacher and trainer to your puppy.

We will teach you easy ways to teach your puppy important commands such as: coming when called, walking on a leash without pulling, and not to jump on people. They will also learn sit, down, stay, and settle on a mat.

Every week we work on socialization and acclimation to new sounds, objects and sights. The exercises and obstacles that are included will build confidence and trust in your puppy. Problems that you may be having with your puppy at home are also addressed so you can enjoy your puppy to the fullest.

Puppy training classes will have a profound positive effect for the rest of your dog's life. Help your puppy get a great start in life by attending the puppy class together.
