

Holly's K-9 Nosework Adventure

Doing Nosework at the Cabin

9/4/13

I found the first “hide” on the Deck

Next, I searched the van

It was behind the bumper!

I smelled another one on the van

It was under the running board!

I know there is another one close by!

It's right here! That was easy!!

I think I will go in the backyard and
look for more

I found one right on this tree!!

They told me this is the last one.
I found it in the wood pile!

I hope you enjoyed my Nosework Adventure. You can have fun with Nosework too!!

Just ask to be taken to Nosework
